this book provides a significant and unique contribution to the emerging literature of comparative political thought michaelle l browsers offers compelling evidence with extensive analysis and references that a rigorous debate is taking place in arabic concerning the value of democracy and civil society exploring the globalization of ideas of democracy and civil society browsers addresses the question of what occurs when concepts cross the boundaries of cultures or languages she analyzes the historical concept of democracy in arab and islamic political thought the transformations that have occurred over the past several decades resulting from arab forays into an international discussion of civil society and what these transformations tell us about the status of ideological and conceptual debates in the region the book s value however lies in its main premise despite the dearth of actual democratic practices in the arab world intellectual elites of the region have vigorously debated reform concepts for decades browsers emphasizes that current conflicts involving the middle east are less about islam against the west and its secular allies in the region and more about diverse sectors of arab society grappling with how to reform overreaching and unjust states browsers shows that the seeds of democratic reform in the region were well planted prior to the war on iraq and the greater middle east initiative

the changing political situation in the middle east poses challenges for the economies of the region and some see none more vulnerable to collapse than saudi arabia s yet as this study demonstrates the fundamentals of the kingdom s economy are relatively robust as over three quarters of gdp is accounted for by the non oil sector and impressive modern industries have been established notably in petrochemicals the financial system functions well and despite substantial government debts there is low inflation and currency stability the private sector increasingly drives the economy although job creation has been insufficient to prevent rising youth unemployment the development challenges saudi arabia faces are similar to those of other middle income countries and three decades of diversification have made the economy less

unique than it was in the oil boom years of the 1970s

the economic collapse of football clubs occurs time and again some clubs manage to save themselves by means of financial restructuring measures others are dissolved and disappear from the scene and still others resurrect as new clubs often with colours crest and a name that are very similar to the dissolved club so called sporting successors financial claim proceedings against insolvent football clubs and sporting successors before the bodies of fifa and the court of arbitration for sport cas raise various complex legal issues recently adopted fifa regulations address some of these issues others have been answered by the case law of fifa and cas this book provides legal practitioners with a conclusive overview of the current legal situation concerning financial claim proceedings against insolvent football clubs and sporting successors before fifa and cas
